

HEALTH OASIS HOSPITAL

JCIA WEEKLY LETTER

Date Released: September 21, 2014

Volume 1

Joint Commission International Accreditation is considered the gold standard in global health care. It was created in 1998 as the international arm of **The Joint Commission (US)** founded in 1951.

What is JCIA?

JCIA identifies, measures, and shares best practices in quality and patient safety with the world. JCI provides leadership and innovative solutions to help health care organizations across all settings improve performance and outcomes. Its mission is to improve the quality and safety of health care in the international community.

What is our history?

Health Oasis Hospital is the pioneer long-term care facility in the Kingdom of Saudi Arabia that provides broad expertise in the care of older patients, severe chronic illnesses, rehabilitation and end of life care. It started last November 1, 2010 which provides care for the following:

- Elderly (DM, Hypertension)
- Post Stroke
- Head Injury
- Chronic Ventilated Case

Why we need to be accredited by the JCIA?

1. To improve the quality of our services.
2. To lead Saudi Arabia in long term care.
3. To separate us from any long term care facility in terms of quality and leadership and help the community in understanding long term care.
4. Quality accreditation is recommended from the Ministry of Health (MOH).
