Volume 13

Health Oasis Hospital Achieved JCI Gold Seal of Excellence

The Joint Commission International helps the organization all over the world in delivering the highest quality of care and achieves maximum performance by providing strict standards and continuous patient & care solution.

Health Oasis Hospital focused its efforts from September 2012 on pursuing the GOLD SEAL of Excellence from Joint Commission International, the world's most prestigious accreditation body for Health Care Institutions.

Last January 2015 Health Oasis Hospital received recognition from the Joint Commission International (JCI) accreditation, certify and validate the Health Oasis Hospital commitment to provide world-class patient-safety services.

Health Oasis Hospital is the First and only free-standing Geriatric and Long Term Care Facility in the Middle East, and First in Kingdom of Saudi Arabia.

"Quality is the Highway and we are in the beginning of it...continue your good job"

Dr. Abdulaziz Al Nasser, HOH Chief Executive Officer

"If I am very old, I'll be one of your patients"
Marlis Daerr, MSN, RN - JCI Surveyor

"You should be proud of what you have accomplished...and also the people of KSA should be proud of you as well"

David Loose, RN, NEA, CPHQ-JCIA Surveyor

"Each encounter is a teaching moments. It is an honor to work with 2 JCI Surveyor at the same time Team Leaders"

Dr. Louay Al Khamis, HOH Associate Chief Executive Officer

"There are no secrets to our success. It was a result of preparation, hard work, perfection, loyalty, persistence, and learning from failure. All things were possible when we believe on it."

Dr. Niemat Hassan Abdullah, HOH CQI & PS-Head
